Sir Winston Churchill's Life Through His Paintings
David Coombs with Minnie Churchill
Foreword by Mary Soames

Own the deluxe edition of the definitive work on Churchill the painter

Lavishly illustrated and exhaustively researched, this beautifully designed book is the encyclopedic reference for all of Churchill's paintings and the role that this most treasured pastime played in his history.

At least a dozen paintings and two rare preliminary sketches are presented here for the first time. This book also marks the first time that the majority of paintings have been reproduced in full color.
